

WEBSITES

A WEBSITE BUILT TO WELCOME AND SERVE.

OSV Websites were built with your parish in mind. We've created a solution that engages, informs, and inspires parishioners and new visitors alike to become actively involved with your parish and the Church. Consider your website a digital front door that is welcoming to new visitors and keeps current parishioners knowing they are truly included in all the happenings at the parish. With our simple and intuitive platform, even the least tech savvy staff member will be able to have your parish up and running on the internet in no time.

- Engage and inform parishioners
- Create a central location for parish events, ministries, and programs
- Welcome new visitors
- Connect to Online Giving for donations and contributions
- Eliminate the need for an app
- Enjoy outstanding customer service and support

MORE THAN MASS TIMES.

You can choose from one of our beautiful, **full-width, mobile responsive templates** or create a look of your own that reflects your parish's personality with the ability to customize nearly every element. Our simple **drag and drop** platform allows your parish to create a stunning website without any technical expertise. In addition, we provide **30 prebuilt pages** of content on the Catholic faith as well as regularly changing content from OSV's newspaper and magazines, so you don't have to always write your own.

OTHER SPECIAL FEATURES

Multi-Language Support

OSV Websites come with the integrated ability to support 68 languages. You can select which languages to offer your parishioners through a simple dropdown on your site. These translations can either be automatically translated by Google or entered manually by a fluent speaker at your parish.

OTHER SPECIAL FEATURES

Tailored Messaging

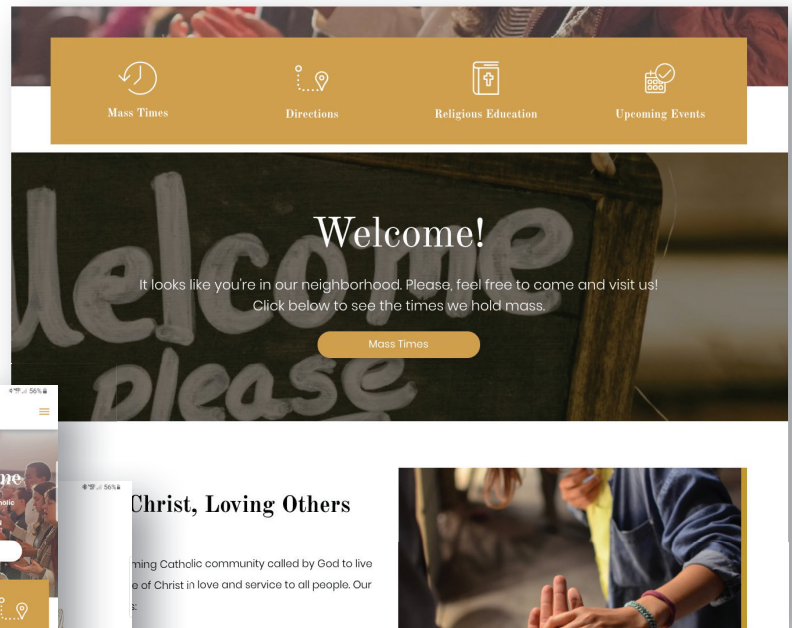

Your OSV website can react to site visitors with tailored messaging based on criteria such as: number of visits, actual geographic location of the visitor, and even the time of day. This allows your parish to do things like display Mass times to people near your parish, share holiday messages, welcome visitors who have never come to the site before, and display special notices leading up to events.

Progressive Web App

Eliminate the cost and hassle of maintaining a separate app and having to direct your parishioners to an app store. With OSV Websites, parishioners simply have to visit the parish site and add it to their home screen to install the web app on their device. This will even give them the ability to access content while offline.

St Joseph CC

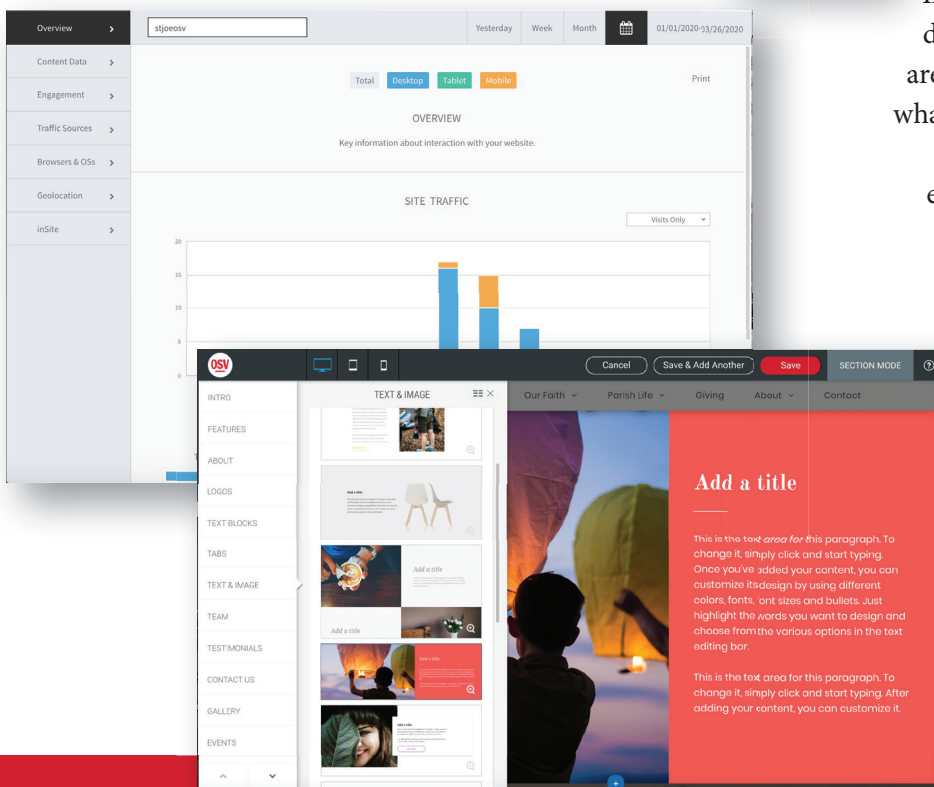

Site Statistics

Integrated, easy to understand analytics are built directly into our platform. See how many people are visiting, what pages are being visited the most, what browsers and mobile devices they are coming from, and more. Your parish can also see any engagement with your tailored messaging to see their effectiveness.

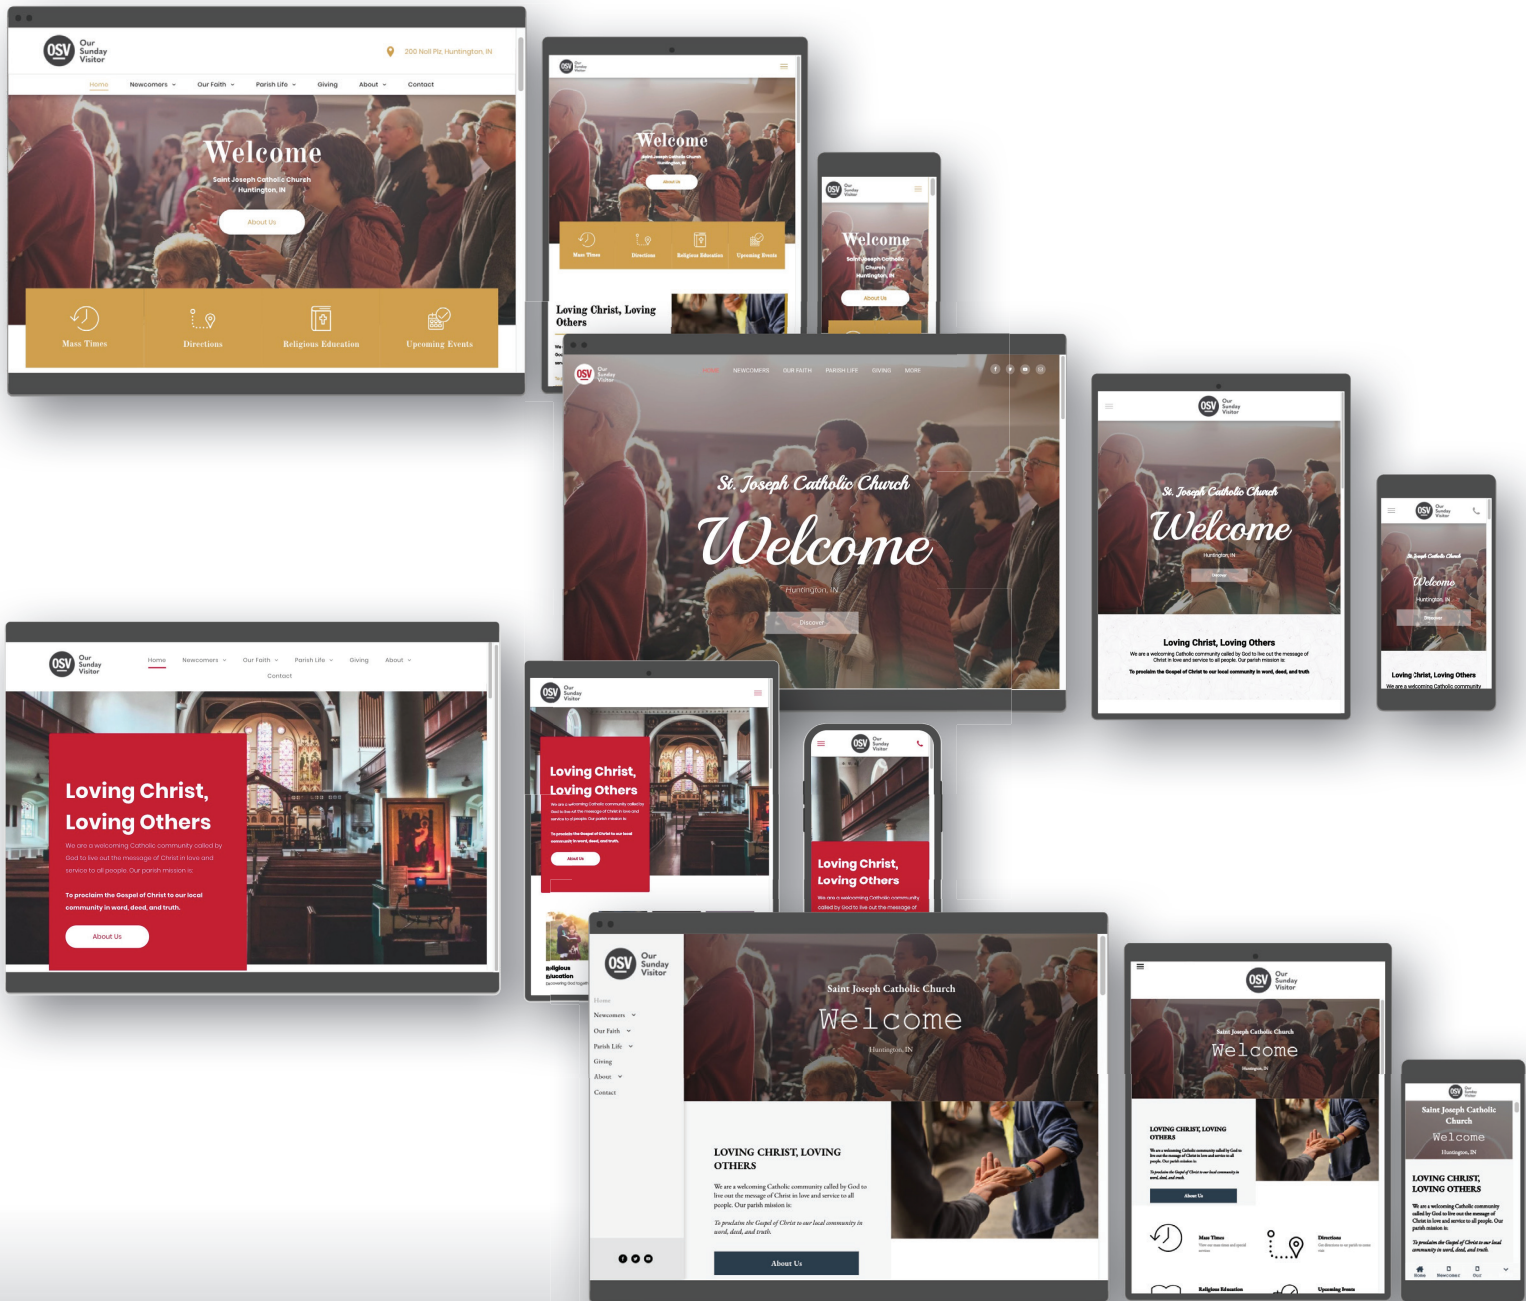

Templated Sections

OSV websites make it as easy as possible for your parish staff to customize your site. We provide templated sections, so adding custom elements is as simple as selecting the template that suits your purpose. Need to add a slider or a promotion for an event or campaign? Select from our templates and customize to get your content up quickly.
