WHAT'S INCLUDED

CONTRIBUTION EXPORTS

OSV Online Giving was made to **instantly integrate** with **OSV Church Manager** which eliminates the export step completely. However, if you currently do not have OSV Church Manager, you can save time each week and provide accurate information with **export files available** through OSV Online Giving. With exports to most major church software systems, the export feature eliminates the need for manual data entry. With a simple download, you can integrate your recent donations into your recording system, and match members' account information with giving history.

DIRECT DONATE

The Direct Donate function allows administrators to quickly and easily **create direct links to funds** of their choice. Designed to work seamlessly with **mobile devices** as well as desktop computers, create a simple way for parishioners to contribute to one-time events, mass intentions, holiday needs, classes, community drives and more. You can create preset donation amounts to match money box on envelopes too.

SWIPE TRANSACTION

The convenience of accepting donations or purchasing items from the office, your bookstore, at an auction or in the parking lot during a fundraiser can be made easier by using a swipe device that can process transactions directly through your **Virtual Terminal**. As a parish using OSV Online Giving, you can **add a swipe device** to your account and **begin taking payments anywhere**.

*Swipe transactions are an optional feature.

TEXT-TO-GIVE

Give your parishioners the option of **giving instantly** without having to remember their username and password. The perfect solution for those who do not want to make a regular weekly contribution, but do want to make a one-time donation. This feature to OSV Online Giving helps the church administration by eliminating the inconvenience of duplicate accounts or taking down the envelope number for one-time donors. Once a parishioner sets up an account and connects it to their phone number, they can easily give from their phone. You can easily **allow simple contributions** to specific funds, gifts, memorials or special collections.

*Text-to-give is an optional feature.

EXPERIENCE GROWTH

IMPROVED CASH FLOW

Recurring gifts streamline contributions so that the parish receives funds even when parishioners are away. The overall result is more consistent offertory. In most cases, this includes an **increase of at least 5%** in overall offertory with **larger gifts (20-30%)** because parishioners make a planned contribution rather than a last-minute gift.

FREEDOM FOR PARISHIONERS

OSV Online Giving provides your parishioners with the freedom to **give anytime, anywhere** with the click of a button. On your church's website or the web-based Online Giving app.

Note: All features of OSV Online Giving are subject to update or change. Please contact your OSV Sales Consultant to discuss your parish's specific needs.

PRODUCTIVITY IMPROVEMENTS

The online giving application streamlines the administrative process, reports and preparation of **annual tax statements**. Because it's a self-service application, members can view their giving history, pre-schedule giving and any other donations without calling the parish office. They can also **view or print their own annual contributions and receipts** for each transaction.
