

PARISH
VISION PLAN

ESTABLISH YOUR PARISH'S PATH FORWARD

If you need to find “what’s next” for your parish, then the Parish Vision Plan from OSV is your first step. The process is perfect for all parishes that are working to thrive rather than just survive. The Parish Vision Plan can deeply engage your parishioners in your mission. Through the guidance of your OSV Parish Coach, we take a comprehensive analysis of how to help you flourish as a faith community, including hospitality, outreach, finances, communication, evangelization and faith formation. The end result is a 3-year pastoral plan, developed with your parishioners, for your parishioners, that truly energizes and unites your parish in your Mission.

- Engage and connect your parishioners
- Create one shared vision
- Establish foundation for stewardship
- Increase focus on evangelization
- Outstanding consultation, customer service and support
